

Value-Added Services: Sports and School Physicals

- Sendero will reimburse contracted Primary Care Providers (PCPs) for one sports/school physical per calendar year for STAR and CHIP Members 18 years of age and younger.
- On a separate CMS-1500 claim form, the provider should bill with diagnosis code Z02.5, using procedure codes 99201-99205, 99211-99215, or 97005 and also using modifier SC. Reimbursement will be \$35.00 (there is no co-pay).
- If the Member is due for a Texas Health Steps medical checkup, the request for a sports physical should be billed to Sendero as a value-added sports physical as noted above. A Texas Health Steps exam and value-added sports physical may be performed and billed on the same date of service.
