Glossary Of Health Coverage:

Premium: The amount that must be paid for your health insurance or plan. You will need to pay it monthly by the first of each month.

Co-payment: A fixed amount (Example: \$15.00) you pay for a covered health service usually when you receive the service.

Deductible: The amount you need to pay for health care services you receive before your health insurance begins to pay.

Co-insurance: Your share of the costs of a covered health care service, calculated as a percent (for example, 20%) of the allowed amount for the service. You pay coinsurance plus any deductibles you owe.

Out-of-Pocket Maximum: The most you pay during a policy period per calendar year before your health insurance pays 100% for covered health benefits. The services are based on the calendar year or healthcare/exchange plan year.

Find a Provider

Where can I find a provider (doctor/specialist/hospital/urgent care clinic)?

- Visit <https://www.senderohealth.com> to find in-network providers or hospitals. You can also contact Customer Service at 1-844-800-4693 for assistance.
- You will need to choose an in-network provider as your Primary Care Physician (PCP). Once you have decided on a PCP, you can contact Customer Service to add the PCP on your account. You can also select a PCP in the Member Portal.

You must obtain services from an in-network provider. Your plan does not offer any out of network benefits.

If you need to visit an emergency room, go to an in-network hospital within the IdealCare service area. The IdealCare service area includes the following counties: Travis, Hays, Bastrop, Burnet, Lee, Caldwell, Fayette and Williamson.

If you are outside of the IdealCare service area and experience an emergency, you should go to the nearest emergency room.

If you receive emergency services and are balance billed, please contact Customer Service at 1-844-800-4693. You should not be balance billed for emergency services. You may be required to submit a copy of the itemized billing statement you received for investigation purposes.
